### 195 Council Minutes

195.1 Minutes of the Ordinary Meeting held on Thursday 8<sup>th</sup> October 2020 had been circulated to all Councillors and it was

#### **RESOLVED**

**That these minutes be agreed as a true and accurate record of the proceedings and be duly signed by the Chairman.**

### 196 Public Participation Session

192. One member of the public requested to speak on item 201.1 (CCTV) and the recent anti-social behaviour in Fairfield. He introduced himself and explained that he was representing residents who were currently in the process of setting up a NHW Group in Fairfield which already had 450 members. The aim of the Group is to ensure the safety of families and properties in Fairfield. He requested a separate meeting with FPC to discuss these issues and proposed solutions in more depth and it was agreed that a meeting would be arranged for a Working Group of six (BD, AMH and NR from FPC and three members from the new NHW Group). Possible solutions that the Group would like investigated are CCTV and Private Security Patrols.

The Chairman thanked the resident for speaking at the meeting and thanked all the residents involved with this initiative. FPC confirmed support a NHW being set up and will assist in any way it can.

The Chairman reported that FPC is in regular contact with the Bedfordshire Police and he advised that the Neighbourhood Watch Co-Ordinator has agreed to meet the new Group to assist them in setting up. The standard format is to have one Co-Ordinator for the whole village and then separate Co-ordinators for streets/areas. The Police will provide all the leaflets and will give guidance especially on using social media. To use The NHW title, the Group will need to be registered with the Police.

Street Watch is an alternative initiative. The big difference between Street Watch and NHW is that individuals are given Police training and are issued with an official uniform to wear when patrolling specific areas.

CCTV had been looked into many times in the past and having a static camera would have several issues as would not cover the whole village and there would be GDPR issues with some locations. FPC was currently investigating purchasing mobile CCTV cameras with Langford, Henlow, Clifton and Stondon. The advantage of having mobile CCTV cameras is that they can be located in the areas with the problems when needed and sharing a CCTV with other villages would reduce costs.

FPC would need to hold a Referendum to fund Private Security and it would need to be available for the whole village.

The meeting of the Working Group would be set up as soon as possible and, in the meantime, FPC will give the new Group the Contact Details for the Police NHW Co-Ordinator. **Action: BD**

## 197 Planning Applications

### 197.1 CB/20/03603/FULL 5 Burton Close

Single storey rear extension.

FPC objected to this application as it does not comply with the Fairfield Neighbourhood Plan Design. If CBC Officers are minded to recommending it for approval, FPC request it is called into the Development Management Committee for determination.

### 197.2 CB/20/03668/FULL 5 Paxton Drive

Demolish existing conservatory and build new infill extension.

FPC objected to the application due to the insufficient information about the specifications of the proposed materials, which must comply with the Fairfield Neighbourhood Plan Design.

### 197.3 CB/20/03935/FULL 33 Fleming Drive

Demolishing of existing conservatory for a single storey ground floor rear extension.

FPC has no objections to the basic principle of the application based on the information available and providing there are conditions that the construction complies with the Fairfield Neighbourhood Plan Design.

### 197.4 CB/20/03946/FULL 39 Fleming Drive

Single storey rear extension and rear entrance canopy.

FPC has no objections to the basic principle of the application based on the information available and providing there are conditions that the construction complies with the Fairfield Neighbourhood Plan Design.

FPC had no comments on this and will leave it to the CBC Tree Officer to carry out appropriate investigations.

## 200 Central Bedfordshire Council Ward Members Report

- 200.1 In his absence, Councillor Dixon sent a written report: -  
The main thrust of activity at CBC has been in support of ongoing precautions against the spread of Covid-19. In addition to the day to day activities, CBC has had to start again with supporting businesses with the need to lock down again in many cases. As before, CBC will be administering applications for grants and continue to help the most vulnerable residents. Covid cases still remain higher than at any point for some considerable time, but thankfully still at a much lower rate per 100,000 than neighbouring authorities. That said, the country is entering a critical period in restricting any further spread and thanks go to the many volunteers and community champions that have stepped up to help out in these difficult times.
- 200.2 Mobile CCTV – Contact has been made with the Clerks of Fairfield, Langford, Henlow, Clifton and Stondon Parish Councils to see if they are interested in collaborating on the purchase of mobile CCTV equipment. Notwithstanding the very recent issues in the village, it was felt a shared facility could be of benefit in deterring some of the ASB and criminality. As soon as responses from all Parish Councils have been received, Councillor Dixon will look at meeting to agree a way forward.

200.3 Recycling in Central Bedfordshire Council – A recent enquiry about the bottle banks being moved from outside Tesco returned the following comment from a CBC Officer: -

“We will have a look at the bins and ensure all the signage is present to inform of reasonable times of use. Any suggestions of any alternate suitable locations would be welcomed, we will also have a look and liaise with Fairfield Parish Council when any are identified.

Kerb side glass collections were considered as part of our Waste Consultation and a possible option for the future. We are awaiting the outcome of the Governments Waste and Resource Strategy, as part of this there is a potential deposit return scheme proposed by the Government.

There is a second government consultation this year on the regulatory framework for introducing this potential deposit return scheme through secondary legislation, presently it is proposed to introduce a scheme from 2023, although ambition is to introduce it earlier if feasible.

Once we know the outcome of the above we will be better informed to review the options for the Council and will undertake further analysis how it could impact activities for collection and disposal of glass.”

As yet CBC hasn't heard back on the governments deposit scheme.

200.4 Restricting PDR in Fairfield – Now that the Article 4 consultation has been closed, Officers are considering the responses. Their recommendations will be incorporated into a report for submission to the Executive meeting on 5<sup>th</sup> January 2020. If supported, the request will then be sent on to the Secretary of State.

## 201 CCTV

201.1 Following the recent anti-social behaviour incidents in Fairfield over the last couple of weeks, FPC has been asked to take some form of action and consider CCTV and/or paying for private security to patrol the village. This item has been discussed in items 196.1 and 200.2. Additionally, FPC has confirmed an interest in principle of sharing a mobile CCTV with other villages.

## 202 Recycling bottle bank

202.1 FPC has been asked for information on how to get the bottle banks replaced somewhere else as nearby resident are fed up with getting woken up early hours of the morning by it. They have contacted environmental health numerous times to no prevail. This item was covered in item 200.3. Unfortunately, there isn't an alternative suitable location in Fairfield and the bins have already been padded to reduce noise. It was agreed that FPC would ask CBC to put additional stickers on the bins to request that residents only use them between certain times. FPC will include an article in the next newsletter and will ask Fairfield Matters to include an article in the next edition. **Action: PD / KH**

## 203 Allotments

203.1 FPRA has advised that it has no objections to part of the cemetery area being utilised to provide allotments for residents. However, the Committee would appreciate being consulted when the plans are more formed, this request was agreed to. Middlemarch Resident Association has also asked to be consulted on plans when they are formed as the proposed site is opposite Middlemarch, this request was also agreed to.

203.2 To enable FPC to have approximately thirty allotments, an additional acre of land will need to be added to what FPRA has made available (see 201.1 above). The Northerns (the tenant farmers of the land adjacent to this area) have agreed to lease FPC an acre on a rolling twelve-month contract for £50 per allotment plot which equates to £750 per year. Following a discussion, and with a unanimous vote, it was agreed in principle to paying this rent, bearing in mind the rent charge for a full-size plot to an allotment holder is likely to be between £75 and £100. However, before any contract can be signed, it was agreed that a soil test needs to be done and further information is required on access and parking. The Working Group also need to ask if the Northerns would consider a five-year lease. **Action: SR**

203.3 Councillor Daffarn attended an 'Allotment Training Workshop on Tenancy Agreements and Policies'. This was highly informative and helpful. As well as a lot of information gleaned, FPC is now entitled to join the National Allotment Society at a reduced rate. The normal cost is £55 pa, but FPC can have a 10% reduction if it joins within eight weeks of this training session.

Local Authority membership gives the Council access to initial legal advice from in-house lawyer and feedback from members is that this is the most valued part of council membership offer.

Councillor Daffarn will be attending an 'Allotment Training Workshop on Self-Management by Associations'.

## **204 Orchards**
