7 Public Participation Session

7.1 Three members of the public requested to speak on item 46.

(1) The resident was in favour of the musical instruments and explained the critical role they played to encourage different ages and abilities, including children with special educational needs and disabilities, to interact.

The resident also asked FPC how it was going to deal with the recent bullying and threats and the resident complained that the Family Forum Facebook page had allowed abusive comments on the site. *(Although the Family Forum Facebook is nothing to do with FPC, Councillor Khatwa is an administrator with his personal Facebook profile).*

(2) The resident was in favour of all the equipment apart from the musical equipment. He expressed concerns that FPRA had purchased the equipment without consulting the residents. He stated that musical equipment was not required to meet SEN requirements and was not installed in any other park in UK that was close to housing. The resident requested the following actions:-

1. Noise survey of Urban Park
2. Consultation with everyone in particular with residents within 150 meters of the parks.
3. If the musical equipment cannot be cancelled to relocate it to a different park.

(3) The resident asked FPC to support residents who objections to the proposed musical equipment. She stated that all the residents she has spoken to were fully supportive for all the proposed new equipment apart from the musical equipment.

She noted FPRA had agreed to delay the musical equipment so additional investigation and consultation could take place. However, she would like to see the musical equipment being replaced with equipment that is not musical.

She acknowledged she had chosen to live near a park but said she would not have made this choice if there had been musical equipment in it.

Due to the pandemic, she was now working from home and would be on a long-term basis and the noise from the proposed musical equipment would made this very difficult.

She reported that residents already experienced anti-social behaviour at the park and feared that the proposed musical equipment would attract more.

The Chair said that FPC was 100% against any intimidation of any kind and apologised to the resident that FPC had not been fully aware of what was happening. He assured the resident that FPC takes these matters very seriously.

Councillor Khatwa apologised on behalf of the admin of the Family Forum Facebook page for the delay in removing the posts and agreed they should have been removed immediately.

Councillor Reynolds spoke as the FPRA Chair and advised that the consultation was not as planned at the FPRA meeting held in November meeting, this was due to the new Covid-19 restrictions that were imposed by the Government in November (Lockdown Three).

He also advised that the musical equipment could not be relocated from Urban Park to any of the other play areas as they would be closer to houses. The Orchards had also been suggested but these were not under the control of FPRA. (FHMC has the responsibility for them).

He said the FPRA were making further investigations and would then be discussing the issues and possible solutions with those concerned.

Residents were encouraged to report all anti-social behaviour to the Police on 101 or online and also make FPRA and FPC aware of these incidents.

Item 46 was discussed after this item to allow the members of public to listen to the item.

46 All-inclusive Play Equipment in FPRA play areas.

- 46.1 Councillor Reynolds advised that following the objections received about the musical equipment as Chair of FPRA he had called an Emergency General Meeting which was held on Tuesday and was attended by all Committee members.

The Committee considered all the feedback they had received in response to the public information sessions that had been held.

The FPRA committee has decided to go ahead with the installation of the majority of the new equipment, but to suspend the installation of any auditory pieces. The decision was unanimous.

The supplier has agreed to put the order for the auditory equipment on hold. The FPRA intend to work with residents, Setter Play and Percussion Play, to find an acceptable way forward and hope to eventually be able to install the equipment in some form.

The consultation of residents was not to the level that the committee had intended. However, it has proved successful in that the views of residents were obtained, and it has shaped the next steps in the process.

The committee are disappointed by the behaviour of some residents who were opposed to the project. Some of the behaviour is unacceptable in an open and inclusive community. There is never a need to threaten to damage the property of others or to bully and harass those that volunteer and strive to improve the community in which they live.

Councillor Reynolds acknowledged that lessons have been learned along the way but asked everyone not to lose sight of the far-reaching consequences of this project – to make the playgrounds inclusive for all and to allow children with special educational needs and disabilities to be able to play and develop alongside other children and their families. He therefore looks for the support of FPC to continue to support what he considers to be a wonderful project.

It was agreed that the Grants from FPC and CBC would be used to fund the non-musical equipment that will be installed this month. It was acknowledged that FPRA have the responsibility of the parks but FPC would like to oversee and assist with all future consultations and use some of the knowledge and expertise from CBC and other relevant bodies.

It was also agreed that FPC would issue a statement to say that:-

“The parish council is here to represent all the residents of Fairfield and is always happy to listen to all opinions, concerns and ideas.

However, we will not tolerate any bullying, threats, or any form of intimidation of anyone and if this happens, we will inform the appropriate authorities so action can be taken.

We all live in this community together and there may be times when people have different opinions. These opinions can all be heard without bullying, threats, or intimidation.

Please all be kind to one another and together our community can stay the happy and safe place we all chose to live in”. **Action: KH**
